Smaller than the 'Big Bertha' Sterilizer, a newer version known as the Front-Line Field Sterilizer was demonstrated at NMRLC Williamsburg, VA, Nov. 13. Slated to have excellent Role 2 Army, Air Force and MARCOR applications, the smaller version has a higher sterilization capacity (25 lbs.), in a very small cube, only uses four ounces of water per cycle, and needs only 15 amps of electricity to operate.

NMRLC hosted Foundational Leader Development Course at NORA. Enlisted leader development (ELD) encompasses several classes: the Foundational Leader Development Course for E-3 and E-4 Sailors; the Intermediate Leader Development Course for E-5 Sailors; the Advanced Leader Development Course for E-6 sailors; and the Chief Petty Officer Leader Development Course for E-7. The programs educate Sailors on ethics, decision-making and character development, and were first stood up in 2019. Starting on 2025, Sailors won't be able to rank up to the E-6 and E-7 paygrades without attending the courses.
